### Sample of a New NTAF Patient Web Page

The screenshot shows a web page for a patient fundraising campaign. At the top, there is a navigation bar with buttons for 'ABOUT NTAF', 'SERVICES', 'FIND A PATIENT', 'PROFESSIONALS', and 'CONTRIBUTE NOW'. Below this, there are three red buttons: 'CONTRIBUTE NOW', 'PHOTOS', and 'NEWS & EVENTS'. On the left side, there is a blue sidebar with social media links: 'SEE MY FACEBOOK PROFILE', 'FOLLOW ME ON TWITTER', 'GO TO MY MYSPACE PAGE', and 'SIGN MY GUESTBOOK'. Below these is a 'MY FLYERS' section with a 'walk' flyer. The main content area features a profile for 'SUZY Q' from the 'NTAF Mid-Atlantic Transplant Fund' in Radnor, PA. It includes a placeholder for a photo and an 'E-MAIL TO FRIENDS' button. The text describes Suzy's medical situation and fundraising goals. A 'GOAL' progress bar on the right shows 0% completion. The page concludes with contact information for NTAF and a thank you message.

Suzy Q is raising money to pay for uninsured medical expenses associated with her heart transplant. Suzy lives in Radnor, PA and is being treated at Temple University Hospital.

Suzy has chosen to fundraise with National Transplant Assistance Fund (NTAF) in part because NTAF provides both tax-deductibility and fiscal accountability to her contributors. Contributors can be sure that funds contributed will be used only to pay or reimburse medically-related expenses.

To make a contribution to Suzy's fundraising campaign, click the button below. To email this page directly to others in your community, who might wish to learn about Suzy's campaign, click the email button and type in as many email addresses as you wish.

For more information, please contact NTAF at 800-642-8399.

Thank you for your support!
